The 2020 Census is happening now. You can complete your questionnaire online, by phone, or by mail. To complete the 2020 Census online today, visit www.my2020census.gov and follow the prompts.

It's quick and easy. The 2020 Census questionnaire will take about 10 minutes to complete. It's safe, secure, and confidential. Your response helps to direct billions of dollars in federal funds to local communities for schools, roads, and other public services. Results from the 2020 Census will be used to determine the number of seats each state has in Congress and your political representation at all levels of government.

You should be counted where you are living and sleeping most of the time as of April 1, 2020. If you are responding for your home, count everyone who lives and sleeps there most of the time as of April 1, 2020. This includes young children, foster children, roommates, and any family members or friends who are living with you, even temporarily.

The Census is important to our community for federal funding, political representation, and data to plan for the future. The deadline to complete the Census is September 30, 2020. Respond today at www.my2020census.gov
