

Hinesville Housing Authority closes waiting list

November 8, 2021

Effective November, 8, 2021, the Hinesville Housing Authority waiting list for housing through its leasing agency, Hineshouse Property Management and Maintenance, is closed. This decision to close the waiting list was made after the waiting period extended from two years to five years due to an increase in applications. The list has grown from 1,500 applicants to 1,800 applicants in the past few months in spite of a bi-annual purge.

We realize it frustrating for applicants to endure the lengthy application process only to wait for years to possibly receive housing in one of its 205 subsidized units. It is also a poor use of staff time to process applications when there is no housing to meet the demand.

Those who are currently on the waiting list will remain in the queue and be contacted as housing becomes available. Additional applications will not be accepted until more housing is added to the Hineshouse Property Management & Maintenance portfolio or the waiting list significantly decreases.
